Internship Objective

As a student specializing in web and mobile development, I excel in creating user-focused applications with skills in React, JavaScript, and MySQL, and a strong ability to adapt to evolving technologies. I am applying for a position in the IT field to contribute technical skills and problem-solving abilities to the team. My competition experience in developing mobile apps, along with my adaptability and hands-on experience, will allow me to contribute innovative solutions and help the company stay ahead in the competitive tech landscape.

Summary of Key Skills

- Programming languages such as JavaScript and Python
- Web Development Technologies such as HTML/CSS, React.js and Bootstrap
- Mobile Development Frameworks such as React Native
- UI/UX Design principles, familiarity with design tools such as Figma
- Database Management like MySQL and MongoDB
- API Development and Integration such as RESTful services
- Version Control and Collaboration such as Git and GitHub/GitLab
- Cloud Services and Deployment such as AWS (Amazon Web Services), Google Cloud Platform and Microsoft Azure
- Time management
- Problem solving
- Creative thinking
- Adaptability
- Communication
- Critical Thinking
- Teamwork

Education

Republic Polytechnic
Diploma in Digital Design and Development

Expected completion date: Apr 2026

Kranji Secondary School

2019-2022

Work Experience

Liv Activ Retail Assistant
Freelancer

Mar 2024 – Apr 2024

- Engaged with customers to understand their needs and offered product recommendations, actively supporting the store in meeting daily sales targets.
- Mentored new team members on customer service practices and store policies to ensure a smooth onboarding process.

- Conducted opening and closing procedures, including counting cash registers accurately.
- Processed transactions quickly and accurately to provide a smooth checkout experience for customers.

**The North Face Retail Assistant
Freelancer**

**Dec 2022 – Jan 2023
Sep 2023 – Oct 2023**

- Promoted current discounts and deals to improve customers' shopping experience.
- Assisted customers with product selection by providing detailed information about features, benefits, and usage.
- Checked incoming stock for accuracy and quality, then efficiently packed and organized the items for display on the sales floor.
- Restocked shelves regularly to keep popular items available and ensure displays were appealing and well-organised.

Volunteer and Leadership Experience

**Kranji Secondary School
St John Brigade (SJB)
Staff Sergeant**

2019 – 2022

- Assisted in the planning and execution of brigade activities, including training sessions, events, and competitions, ensuring efficient operation.
- Trained Sec 1 cadets on footdrill techniques, providing individual guidance and feedback to help improve their posture, alignment, and overall formation skills while emphasizing discipline and precision.
- Represented St John Brigade in the National Day Parade, executing footdrill with precision and upholding the brigade's high standards of discipline and professionalism.

**Teaching First Aid Knowledge and Bandaging for NPCC cadets
Vice-Chairperson**

Jan 2022

- Organized and led a session teaching first aid techniques, including CPR and bandaging, to the NPCC cadets.
- Developed materials and provided practical demonstrations to teach cadets bandaging techniques.
- Customized the first aid session to cater to different learning paces, offering hands-on practice for the cadets.

**Sec 1 Orientation
Station Master**

Jan 2021

- Supervised an activity station during the school orientation, ensuring students understood the instructions and participated actively.
- Provided guidance and support to students at the station to help them complete tasks.

- Coordinated timing for each group to ensure they moved through the orientation stations promptly.

Teachers' and SAT Day 2020

Aug 2020

Planning Committee

- Collaborated with the team to plan activities and allocate roles for the day.
- Managed the event's schedule to ensure smooth transitions between activities for all participants.
- Worked with the team to edit and organize the photos, aligning them with the event's schedule and activities.
